4. Delegation of Responsibility

The Superintendent or a designee shall serve as the central contact for handling and releasing all information concerning infected employees.

All District employees shall maintain a respectful working climate and shall not participate in physical or verbal harassment of any individual or group, including infected employees.

All employees shall be required to consistently follow infection control/universal precautions in all setting and at all times. Employees shall notify the Superintendent or his/her designee of all incidents of exposure to bodily fluids.

On an annual basis, building administrators shall notify District employees, students, and parents about current Board policies concerning HIV infection and shall provide reasonable opportunities to discuss such policies and concerns.

The Superintendent or a designee shall report periodically to the Board regarding the effectiveness of this policy and shall make recommendations for revision in accordance with developments in medical research and treatments.

5. Guidelines

Assignment

District authorities shall determine the assignment of infected employees on a case-by-case basis.

A Screening Team comprised of the Superintendent or his/her designee, District physician, the employee, and his/her attending physician shall evaluate the assignment of the infected employee. Such decisions shall be based on the employee's physical condition, type of interaction with others in the performance of job functions, and the risks to the infected employee and others in the school setting.

First consideration shall be given to maintaining the infected employee in the regular assignment. Any decision for an alternative placement must be supported by specific facts and data.

The recommendation of the Screening Team shall be presented to the Board by the Superintendent. The Board shall approve all assignments and medical leaves of absence for infected employees.
