

# Reserve Parents Club

## Who We Are

- We are parents and/or caretakers of the students who attend Reserve Primacy. We love our kids, our school and our community.

## What We Do

- We bridge the gap between home and school. The RPC hold events, raises funds, meets with faculty, and finances many perks for our students.

## How the Kids Benefit

- The kids are provided many different opportunities in school and after school to be an active part of the community and create life long memories. All of our proceeds are given right back to the students in various ways throughout the school.

## We Need You!!

Whether you want to head up a committee or volunteer for one event, we need your help. If we can get ONE parent willing to help with ONE thing ONCE a year it would help the RPC tremendously. More parental involvement equals a better RPC. We have various open positions and the more people we have willing to help the less work we need to disperse. Help us help the kids!!
