

Special Event

LOCAL TASK FORCE 3

on the Right to Education in Allegheny County

In partnership with the AIU (Allegheny Intermediate Unit)

Building Successful Transitions through Social Capital

Families, caregivers and helping professionals want students to be successful when they leave school. This is especially true for students with disabilities. An important part of this success is having meaningful friendships and being truly engaged in community. Let's consider how to better prepare for the future by understanding their impact. Building this social capital can make an amazing difference!

Our guest speaker, Al Condeluci, Ph.D.

Beginning his career in human services in 1970, Al worked in a variety of direct support roles. He served as CEO of Community Living and Support Services (CLASS) from 1991 until retirement in 2018. Al teaches at the University of Pittsburgh, writes, speaks, and consults on issues related to culture, community, and social capital.
